The above items are submitted to the West Virginia Statewide Interoperable Coordinator (SWIC) for the purpose of "Radio Acceptance Testing". The above listed radios and items will remain the property of the vendor; however, the radios and items shall also remain in the possession of the SWIC for the duration of the radios' life span or for the length of time said radios are on the approved equipment list. At the conclusion of the life span, the vendor shall decide whether the radios are to be returned to the vendor or disposed of by the SWIC.
